About the Daytona 500

Historic Daytona International Speedway is home to the DAYTONA 500 – “The Great American Race” and NASCAR’s biggest, richest and most prestigious race. The DAYTONA 500 is held annually every February and many of NASCAR’s greats have captured the coveted Harley J. Earl winner’s trophy such as Richard Petty, Dale Earnhardt, Cale Yarborough, Jeff Gordon, Dale Jarrett, Bobby Allison, Mario Andretti, A.J. Foyt, Jimmie Johnson, Ryan Newman, Jamie McMurray and Matt Kenseth.

About Daytona International Speedway

Known as the “World Center of Racing,” Daytona International Speedway has activity nearly every day of the year hosting stock cars, sports cars, motorcycles and karts. Daytona International Speedway has at least eight major race weekends a year with premier events such as the DAYTONA 500, the Coke Zero 400 Powered by Coca-Cola on Independence Day holiday weekend, the Rolex 24 at Daytona sports car event, the Daytona Supercross by Honda, and the Daytona 200 motorcycle classic. In addition, Daytona International Speedway showcases daily track tours and is home to the winning Daytona 500 car.

# Florida Hospital Fish Memorial

For a young hospital built in 1994, Florida Hospital Fish Memorial has a long history dating back to 1952. Beginning as a humble, 50 bed facility more than six decades ago, we've grown to become of one of Volusia County's most comprehensive and trusted healthcare resources. With Florida Hospital's tremendous resources and expertise, our community hospital has continued to thrive; constantly improving with advanced medical technologies and experienced clinical talent.

The greatest honor to bestow on someone you care about is wishing them health and happiness. Florida Hospital Fish Memorial is committed to caring for your friends and family members, assisting with their healing recovery and returning them back to the life they cherish.

Happiness begins with a healthy mind and few worries about one's health and who will care for you. Your physical state is quite critical to living your life to the fullest and your lifestyle often leads to how your body will adjust to the years ahead.

## IVC Technologies

IVC Technologies was the first service company, established in 1984, for the sole purpose of providing computerized vibration monitoring services predominantly focused on servicing the pulp and paper industry. We are always embarking on new ways to improve your productivity and are committed to implementing only the "best practices."

IVC Technologies is the only CBM service company in the industry today able to provide analysis from basic through advanced problem solving all under one roof. In today's competitive industrial market, you can't afford NOT to have IVC Technologies on your team, providing seamless answers when you need them, to keep you moving toward success and profitability.
