### Thank You SunTrust for Supporting United Way!!

### Domestic Abuse Council, Inc. Expands DV/CPI Project!!

CEO, Cheryl Fuller presented posters to Troy Slayton, SunTrust Branch Manager III. The poster shown states: United Way "hearts" SunTrust. Thank you for supporting United Way. Because of your support DAC is able to teach sheltered children that hands are not for hitting.

The Domestic Abuse Council received additional funds to expand our Domestic Violence and Child Welfare Program. These funds will be used to have another advocate working with the Department of Children & Families and Community Partnership for Children. The advocates are available to offer assistance with cases in which there is a co-occurrence of domestic violence and child abuse. The advocate partners with the non-offending parent and provides services and resources that increase protective factors in the home and enhances child safety. This project truly represents a community working together to end family violence!!!
